Hi everyone,

At the LTCC General Meeting earlier this week, the WSAB MTA staff gave their usual presentation and there was a strong demand from folks in attendance for a more in-depth meeting with a smaller group from the community to go over the 4 proposed routes in detail, with both staff and engineers present.

This meeting has just been set - we will be meeting on **Wednesday, August 2nd from 12:30 p.m. to 2:30 p.m., at Maryknoll**. We're hoping to keep this meeting fairly small so that we're able to do a deeper, more intensive dive into the project, so please do not widely share the information. However, if there are folks you feel should be at this meeting, please let me know and I will reach out to them! For sure, we want to make sure that those most impacted by the proposed line can be present, as well as those who have expressed interest in being part of this conversation.

Please let me know if you can make the meeting (and please reply directly, and do not reply all)!

Finally - I'm attaching a template letter that you are welcome to use and share for the scoping period's public comment, which is due **August 4th (next week on Friday)**. It's important we have as many letters as possible, so if you haven't already submitted a comment, please do so!

Feel free to reach out if you have any questions!

Thanks!

Kristin
